Happy New Year to all!

Glendale's Most Prosperous Year in Building Closed at Noon With Total Over $5,000,000

Records of the building office at the city hall were closed at noon today for 1921—after Glendale's most prosperous year.

The half million dollar mark for December permits was being approached this morning. At 10 o'clock the figures were $490,584, just $9,416 below the goal for this month. However, the office was packed with builders and contractors, who have been swarming into the city hall in great numbers the past few days, and F. A. Marek, superintendent of buildings, thought it possible that the deficit might still be made up.

Permits for the year are now well over the five million dollar mark. At 10 o'clock figures showed that contracts have been awarded during 1921 for $5,088,325.

Last year's building permits covered a valuation of $3,137,274.

Therefore, this year's increase over last year at 10 o'clock this morning was exactly $1,951,061.

No tabulated figures were compiled last year, but W. H. McIntyre, chief clerk of the building office, has arranged a complete table for this year which will be found on an inside page of The Evening News, brought through to December 29.

About 2335 permits had been issued during this year up to 10 o'clock this morning and 181 for the month of December alone. During October, which was the banner month, 315 permits were issued and the valuation amounted to $716,780 or $226,196—a quarter of a million dollars—greater than this month.

HINTS TO AUTOISTS FOR THAT TRIP ON NEW YEAR

Glance Over This List of Routes If You Plan to Take Any Long Drive

Going motoring over the New Year holiday?

The Southern California Automobile club has issued the following information in regard to nearby routes:

Devil's Gate Dam—This is accessible by way of Verdugo Canyon and La Canada.

Los Angeles to Long Beach—Due to a bridge out on the Long Beach boulevard it is necessary to use either the Harbor bulevard to Wilmington thence the Anaheim road to Long Beach or via Huntington Park, Downey, Clearwater and Hynes.

Foothill boulevard—This is impassable on account of a bridge out over the San Gabriel wash between Duarte and Azusa.

Along Valley Boulevard

Valley boulevard—This is passable via El Monte road to San Gabriel boulevard, thence south one mile to Garvey road and east into El Monte, then through Pomona, Ontario, and other points. It is also accessible via East Seventh street, Stephenson avenue, and Whittier boulevard to the Montebello bridge then left through the oil fields and over the Pico road to El Monte.

Los Angeles to Riverside—Motorists should follow the valley boulevard routing through Pomona, Ontario, and Colton then south to Riverside or via Telegraph road to Santa Fe Springs, south to Norwalk and through Buena Park, Fullerton and Anaheim, thence over the Santa Ana Canyon road to Corona and Riverside.

Cajon Pass—Teams are pulling cars through the streams on the detour which is being used on account of a slide on the main road south of Cozy Dell.

Big Bear Lake—This is accessible via Cajon Pass, desert road and Cushenbury grade.

Santa Ana Canyon—This is open and passable, a detour having been provided around the road which was undermined by water.

Camp Baldy road—This is impassable north of the Foothill boulevard.

Contractor Will Help

Los Angeles to Mohave and Owens Valley—These points are accessible by way of Mint Canyon over pavement to Palmdale and Lancaster. The detour alongside the construction work on the east side of the railroad is in fair condition to the Kern county line. From this point new pavement is being used for approximately nine miles, with some rather bad "going." The contractor will pull anyone through who gets stuck. Travel north to Owens Valley is going through Red Rock Canyon. The conditions all the way through are very good.

San Diego inland route — The bridge just north of Temecula has been repaired which now permits travel from Los Angeles through to San Diego via Live Oak Park, Vista and Escondido, thence over the Poway Grade and Camp Kearny road. Some mud will be encountered on the dirt stretches but should not be difficult for light cars.

San Diego Route

San Diego coast road—This is passable only as far south as Del Mar. It will not be open for the rest of the distance for at least ten days.

San Francisco coast route—This is open and passable the entire distance. Travel is using the new concrete pavement through Gaviotte Pass to the Santa Ynez river at Buellton. From this point to Zaca, six miles of dirt road is bad.

San Francisco inland route—This is open and passable the entire distance but care should be used in crossing the ridge route on account of boulders and rocks which have been sliding at various places.

San Diego to Imperial Valley—Road is open and in good condition from San Diego over the Descanso-Buckman Springs-Warren road and the Mountain Springs grade.

East and West Contrasted In Glendale's Float Entered in Tournament of Roses At Pasadena; Novel Ideas Carried Out

—Photo by Ralph W. Brown

ELLEN MARTELLE M'KEE, the little Southern California Sunshine girl who will be seen playing on the beach of the Glendale float in Tournament of Roses parade Monday (New Year's).

Gee, but that's a swell satin bathing suit. Almost more cloth in it than in the dresses little girls wear nowadays.

And inside the suit—why that's little Ellen Martelle McKee, 6 years old. She is a dainty little athlete who can swim—an honest-to-goodness bathing girl.

You ought to see Martelle go through a daily exercise period on the tumbling bars.

And if you think that smile is painted—you're mistaken, that's all.

Nothing left undone to make the Glendale float in the Pasadena Tournament of Roses a prize winner!

Here you see little Ellen Martelle McKee, daughter of Mr. and Mrs. E. S. McKee of 130 West Chestnut street, ready to play her part in the pageant. For six years old she's some "kute kiddie," we're sure the crowds will agree.

And down in the mechanical department of the massive floral design Jack Rockwell is going to be manipulating the gears of the Fordson tractor around which the float is built. On every road leading to Pasadena Monday there will be boys stationed to pass out descriptions of the Glendale entry as follows:

"Glendale has endeavored this year to produce a float depicting not only the beauties and advantages of Glendale itself, but of all Southern California cities. As the Tournament of Roses is held in January, a picture of the east at this season is contrasted with a picture of the west at the same time of year. The float is divided into two parts and the explanation is concisely given by the weather vane extending high above all, indicating east and west.

Typical Eastern House

"On the side representing the east a house typical of the drab color and stiff architecture of that section is shown. Icicles hang from the snow-laden roof and the window sills are covered with fleecy snow. In the snow-covered back yard is an old sawbuck and pile of wood, showing the need of fuel. The front yard is covered with drifted snow with a snow man (looking deserted now) and the leafless tree with its snow-laden boughs, the snowcovered fence posts, and very conspicuous is the "For Rent" sign showing the deserted condition of the east at this time of year. Through the snow-banked yard a path has been shoveled and footprints coming from the house follow the direction of the automobile sign, "Southern California—Straight Ahead."

"In absolute contrast to this picture of the desolate, dreary east at this season is that of the vivid, colorful west. On the sandy beach sits a happy little girl, clothed in a gay bathing suit, watching the blue, white-capped waves moving majestically toward the shore. Up from the beach, a path winding through lovely landscaped gardens, representing the country between the ocean and the residential districts, ends at a charming California bungalow placed on elevated foothill country, so desirable for California homes. This creamy white bungalow, with its gay, red roof and graceful lines, adds to the charm and hospitality which the open door signifies. In the front yard a fountain splashes its waters over the green grass, and nearby is a flower garden abloom with varied colored blossoms. An orange tree with ripe fruit and blossoms and tropical palms add to the semi-tropical atmosphere.

Lots of Flowers

"The skirt of the float is covered with Cregon grape, on which are letters of white sweet peas, spelling Glendale, 1922. In the decorating of this float the following enumeration of flowers has been made: One hundred twenty-five bunches of Oregon grape for skirt; 16,000 white carnations to represent snow on the eastern side; 3500 dark red roses used on the roof of the western bungalow; 175 feet of lawn grass for lawn on the western side; 3600 narcissus for sides of western bungalow; 180 bunches of violets used for windows and other decorations; 24 bunches of candytuft to represent stone and cement work for the western house; 1500 calendula to represent beach sand and path; 120 bunches of heather for sides of eastern house; 50 bunches of maiden hair ferns used for trimmings on western bungalow; 24 bunches of brown pompon chrysanthemums used as trimmings for eastern house; 120 bunches of white sweet peas used for lettering.

"The float is thirty-six feet long and fifteen feet wide and has a decorative space of twelve hundred seventy-five square feet and a floor space of five hundred forty square feet.

"The float was managed by a committee selected by the Chamber of Commerce; the money was raised by the city, the Chamber of Commerce, and individual subscriptions. Designed and decorated under the supervision of L. W. Chobe."

To Be Shown Here

And after the great pageant has passed review and everybody is gone to the football game the pride of Glendale will trundle over the Eagle Rock hills to home where it will park in front of the Pacific Electric station until 7:30 o'clock, at which time it will start a little parade of its own around the town—Broadway and Brand boulevard to be its principal path.

If you want to help decorate the float, report at 127 North Maryland avenue tomorrow morning, Mr. Chobe advises. Hot dog sandwiches and home-made pies will be furnished free with coffee—to those who work.

The dinner, which will be an exquisitely arranged five-course affair, will be served on two separate occasions, the first of which will take place at 7 o'clock, while the last one will start at 8:30 o'clock. Dancing, which will be enjoyed from 7 until 1, will take place both in the main lodge room and downstoirs in the jinx room. Separate orchestras have been engaged to play in each room.

ROBERT LAIDLAW OF CINCINNATI HERE FOR LONG VISIT

Manufacturer Arrives in City After Enjoyable Journey in East and Panama

Robert Laidlaw, of the Laidlaw Pump Manufacturing company of Cincinnati, Ohio, has returned to Glendale and will spend the winter with his nephew, Thomas H. McDougall and family, 128 West Elk street.

Since leaving here in the spring, Mr. Laidlaw spent some time in Cincinnati, has traveled over different parts of the east, and enjoyed several weeks in Canada. He had a very interesting trip returning, coming via Panama. Leaving Baltimore, in a heavy snowstorm, December 5, on the Hawkeye State, a large steamship, of 21,000 tons, they arrived at Havana, December 9, remaining there thirty hours. The vessel arrived at Panama City, December 13, and stopped twenty-six hours. At each of these places, they experienced tropical showers, which were interesting and not at all unpleasant.

The vessel made no other stops, and they encountered no storms, rains or wind. A most unusual trip, as it consumed seventeen days. The huge vessel, like a floating city, with its comforts, and amusements, everything from moving pictures to a fine swimming pool, ploughed its way through a sea smooth as glass almost the entire trip.

Collection of Pictures

Mr. Laidlaw, who is a very successful amateur photographer, has a collection of very interesting views that he secured during the trip. These include views of Moro Castle at Havana, Balboa Bay and the locks of the canal taken from different points.

The rainy season, usually averaging 140 inches on the Atlantic side and 64 inches on the Pacific side of Panama, was over, and the banks of the canal were all in their dressing of spring green, forming a beautiful background for the many picturesque buildings that are seen from the passing vessels. The climate was warm, but not uncomfortable, the mercury standing about 85 degrees.

Mr. Laidlaw is very happy to be back in Glendale where he enjoyed the last winter very much indeed, he says.

Local Auto Dealers Attend Meeting of Trades Association

"Business Doctor" L. H. Bennett presented a two-reel film entitled "Ask Them to Buy" last night at T. Lyell Puckett's Ford agency, Alhambra, at a general meeting of the San Gabriel alley Automobile Trade association.

The session was attended by H. M. Parker, P. A. Black and Frank Barton of the Autolectric Service Station, 113 West Harvard street; C. E. Thompson of the William H. Hooper company, 222 East Broadway; Herman Psenner and R. F. Doll of Psenner & Doll, 610 East Broadway.

The resignation of P. W. Battelle of Pasadena as secretary of the association was announced. The cause was not mentioned and his successor was not named.

T. W. Smith, cashier of the First National Bank of Pasadena, spoke upon the amended income tax law as it affects individuals, partnerships and corporations.

H. J. Banta, manager of the Weinstock-Nichols company of Los Angeles, addressed the meeting upon the subject "What is Ahead of Us in the Automobile Industry?" He cited his belief that business has now traveled three-quarters of the way back to normalcy but that the remaining one-fourth would be the hardest of all. He declared that it behooved everyone in business to watch his step.

PARTY IS GIVEN NURSES

A general good time around the Christmas tree marked the party last night at 412 Piedmont Park avenue given by and for nurses of the Glendale Research Hospital. Wearing a genuine Hawaiian costume imported from Honolulu, Mrs. Anna Clark Townsend won the first prize for the most original costume while Miss Emma Garbee secured recognition for having the "tackiest" outfit. Others present were Mrs. Gertrude C. Griffith, Mrs. Elizabeth G. Pope, Miss Mae Seilaz, Miss Maude Garbee, Miss Jennie Bryant, Miss Hazel Paulson, Miss Mabel Huston, Miss Betty Mock, Mrs. Ruth Vandevent, Mrs. M. M. Tucker and Miss Ann Fundell.

ATTEND RADIO CONVENTION

Charles E. Rich and William H. Rich of 1022 South Boynton street, secretary and charter members of the Southern California Radio club, are attending the club's convention which meets this week in San Francisco. While there they will visit relatives and will have much of interest to tell their friends about radio upon their return to this city.

ENTERTAIN DINNER GUESTS

Miss Ethel Worthington of 335 North Maryland avenue entertained as dinner guests Thursday night Miss Maurine Baker, Walter Knippe of Los Angeles and Joseph Maier. After dinner the evening was spent in music and playing rook.

FAIRVIEW

Large Lots $500

$50 Cash **$15 per Month**

Twelve years ago the Valley View Tract was being sold in Glendale at prices from $400 up.

This tract was located south and west from the corner of what is now Broadway and Central avenue.

A picture taken at that corner in 1909 shows a vast expanse of fields with three houses in sight.

No one doubts that the development of Glendale during the next ten or twelve years will be much more rapid than during the same period just past.

That being so, the lots we are offering at Fairview will be worth $1500 in much less than ten years.

We have only a limited number of lots to sell at Fairview at present prices. Come out today. Drive out West Broadway and San Fernando Road to Vine Avenue (Thomas' Store); then one block to right to tract office.

A WORD

To "Provident" Policy-Holders:

For fifty-six years your company has been operating on a mutual basis, although it was a stock company. We are now in process of becoming mutual in fact and name as well as in operation, to save the policyholders over half a million a year in expenses and taxes.

Without the capital stock we will still have the largest surplus of any company of like size in the United States. The management in this, as in all other things, is always looking to your best interests.

Was indeed a most notable milestone in Glendale's Progress and Prosperity.

And our wish to Glendale for the New Year is that 1922 will show as great a growth in population and as large a building program as the year just past.

To crystallize this wish in a practical way we have strengthened and added to our organization in every possible way in order to be thoroughly prepared to properly perform our part in the building of a greater Glendale.

"Fatted Calf" Is Brought Right Here By W. C. Winkler

Times do change. In the olden days, one is taught, the prodigal son had to return to his home to share the fatted calf, but in these modern times the fatted calf is brought right to one. Whether W. C. Winkler, proprietor of the Buster Brown Shoe Store, 122 North Brand boulevard, deems all folks prodigals or not is a matter of conjecture, but at any rate he has brought the Buster Brown "Fatted Calf" right here.

The calf, stuffed and mounted, has been accorded the place of honor in Mr. Winkler's shoe store window on North Brand that all may see and know that Buster Brown shoes are made of all leather.

Lanier Bartlett Is Well Satisfied With New Year's Outlook

"I still think that the new year ought to be awfully good from the way things are lining up now," declared Lanier Bartlett of Bartlett & French, 201 South Brand boulevard, yesterday afternoon.

"It is the old subject of the California climate and its attraction for eastern people. A certain number of those who come out here on visits stay and send for their friends. So the population grows like the accumulation of a snowball."

The Little Church of the Flowers, with Crematory and Receiving Vaults Adjoining

"Among the Hills"

On January First, 1922, As in Other Years Forest Lawn Will Be a Veritable Bower of Flowers.

Framed as it is within the shadow of protecting hills, which form an ever green natural barrier, it makes, indeed, a most beautiful setting. This Garden of Remembrance offers advantages that are offered in no other Memorial Park in Southern California. In addition to the perpetual care cemetery feature—the benefit of the Mausoleum-Columbarium, Crematory and Receiving Vaults is also given the lot owner—if he wishes to transfer ownership from one to another.

Real Civic Spirit Is Being Displayed By Jack St. Claire

The best indication of a real civic spirit is the appearance of property, according to Jack St. Clair, who has just gotten established in his new location at the Club Garage, 107 East Colorado. He believes strongly in the value of a neat and well kept lawn as a business asset.

As a result J. M. Grant of the Eagle Rock Nursery is now busy applying the art of the landscape gardner to the wide parkway in front of the establishment.

A border of kewies, which will bloom in about three weeks, will surround a lawn of blue grass and clover. In the center a medium sized cactus will be surrounded by small golden cacti. There are several cedrus deodora trees, also.

Mr. St. Clair feels certain that a worthy improvement to the appearance of the neighborhood will be effected. He called attention to the well kept lawn across the street in front of the Elks' clubhouse.

William A. Tanner Says Buick Is Not 'One Season' Auto

"I am looking forward to 1922 with a great deal of enthusiasm," stated William A. Tanner of Tanner & Hall, Ltd., 237 South Brand boulevard yesterday afternoon. This year has been very prosperous, but there is no such thing as too much prosperity.

"No, I do not expect that those who purchased Buicks this year will be back again next year for new ones unless they desire models right up to the minute. The Buick is not a one-season car. I think that is one reason why so many of them are sold. A person who buys a Buick can be certain of having a good serviceable car when most other makes are on the scrap heap.

"However, there is no doubt that a number of new customers will awake to the merits of the Buick during the coming year. Records show that there never has been a year since the first Buick was made that it has not become more popular each season."

COMMENT THAT'S ALL

A Prosperous New Year
Some Records Broken
Community Spirit Here
Daily Message of Cheer

By Gil A. Cowan

TODAY'S wish—A Prosperous New Year to You All.

Today's prediction—A Prosperous New Year for You All.

Today's comment—A Prosperous New Year.

When one speaks of prosperity in California, it is the real, unadulterated, golden glow of good business. In some sections of the country and world at large the words "prosperous New Year" seem the expression of empty, hollow sentiment.

But out here where the world smiles in anticipation of the great cities to be, the fortunate people are to be congratulated on their good judgment in being here and staying here, for those who have "stayed" are the ones who have prospered.

A Prosperous New Year in its final analysis is a matter of predestined psychology. If you believe business is good, say so! Tell the world! Tell them "Up and do in 1922."

The closing year of 1921 has been a record breaker. More records were shattered than you could carry in a cocked hat.

Builders came in like a tide and took the $5,000,000 goal set by The Glendale Evening News early in the year as a reality—and they shoved the figures up and up and up to victory.

And more residents came than there were homes, which showed realty prices up and up and up and new high marks were established. Stores, industries, everything came in consequence, which makes Glendale "the fastest growing city in America of its class."

Glance through the summary of the year's events in today's issue; look over the building summary; the month's building permits; the water rate chart—there you will see what has been done.

But in the words of a musician Glendale should keep up the tempo it has established in playing its part in the building of a city.

Community spirit is the harmonizing chord which made the accomplishments of the passing year possible, and it will continue to make for progress and prosperity.

Some years ago when a person lived in Glendale and worked in Los Angeles they found it bore about the same relationship to the metropolis as Watts. But Glendale boosters smiled and invited the best people in their acquaintance to "come with me to the foothills." They came and invited their friends and now the growth of this city is similar to a snowball rolling down the long, long road to Destiny.

Somebody suggested the other day in a jocular way that it wouldn't be long before Los Angeles would want to annex to Glendale. Some weeks ago comment was made that all of the foothill communities in this vicinity will join with Glendale.

The Boy Scout Council is a big factor in bringing leaders from Burbank, Eagle Rock and Glendale together in a common cause. Already the boundaries are contiguous and it is only a matter of years until these cities will have grown together.

But Glendale is too prosperous and Los Angeles too large to think of annexation. There may be a day when a borough plan will include Pasadena, Long Beach, Glendale and Los Angeles in a greater city, but it will take an awful long time to make all see the advantage of such an order of things.

Here's a tip for the person who is preaching "California" to his friends in the east. It would take you a week to present the arguments found in any one day's issue of The Glendale Evening News.

Why waste the effort? Subscribe for The Glendale Evening News to be mailed east each day. Great idea, eh? It will be a daily message of Prosperity during the New Year.

Tom Mix Coming to Glendale Theatre in Thrilling 'Western'

Tom Mix, the clever William Fox cowboy star, is coming to the Glendale Theatre Sunday and Monday in another thrilling western picture called "The Night Horsemen." The story is based on Max Brand's novel, "Wild Geese," and is a sequel to "The Untamed," in which Mix gave extraordinary entertainment in the character of Whistling Dan. In "The Night Horsemen" he is again Whistling Dan, that wild-natured man whose love of the wilderness makes him forget love and friends to follow the flight of the wild geese north in the spring and south in autumn.

The Sunday evening concert will have Mrs. Mina Wenzel, soprano, recently soloist at St. Mark's church, as a co-star with Paul Carson at the organ. Other film attractions will round out the bill.

Anita Stewart and Vaudeville Program T. D. & L. Theatre

Tonight will afford Glendale people the last opportunity of seeing the Anita Stewart picture, "Playthings of Destiny," and the splendid Meiklejohn & Dunn vaudeville bill headlined by Louis London who sings and tells stories in an entirely pleasing manner. He went over great yesterday while Billy Lyle held his own share of applause. The other acts are good and the entire show is a great New Year's eve attraction.

If you don't enjoy your work you're not wealthy.

1921 A *Studebaker* Year

—The sale of Studebakers in Southern California for 1921 was more than double the record for the previous year.

—This extraordinary gain in Studebaker sales has been due almost entirely to the active enthusiasm of Studebaker owners. They have been pleased with the satisfactory performance of their cars and have said so to us, and, what is more important still, they have told their friends and neighbors.

—These Studebaker owners have been our real salesmen and to them belongs the full credit for a Studebaker gain three times greater than the gain made by the automobile business in general in this section.

—We feel that we can best express our appreciation of the genuine and whole-hearted manner in which this voluntary support has been given by pledging ourselves to carry on our business with the same high ideal of integrity and fair dealing that has made "Studebaker" a watchword for seventy years.

Fifteen Tires Upon Ford Car at Once? Yes, It Can Be Done

How many tires on your Ford?

Attention was called yesterday by E. D. Halliwell, manager of the Auto Tire Compan's store at 211 South Brand boulevard, to the window display of various types of Ford cars.

"There may be some people who think that you can't put fifteen tires on a Ford at once," remarked M. Halliwell. "But it can be done—provided you aren't particular where you put them. These tires range in price from $8.75 to $15.50 and include both cords and fabrics and both non-skid and ribbed treads. A fellow would be mighty hard to please if he couldn't find a suitable Ford tire at a price he wished to pay."

MOTOR TO SANTA BARBARA

Mr. and Mrs. R. M. Ford, 326 Fairview avenue, Miss Margaret McPherson, 607 North Central avenue, and L. B. Stuart, 1007 East Harvard street, expect to motor to Santa Barbara tomorrow.

Being connected with Tanner & Hall, Ltd., 237 South Brand boulevard, Mr. Ford naturally will drive a Buick.

Free Service Cards Are Being Given by Westinghouse Agent

A card entitling the holder to free battery testing and filling service is being mailed to a number of motor car owners in the vicinity by H. A. Wishart, 233 South Brand boulevard, as a New Year's token from the Westinghouse Service Station.

This contains appropriate spaces for comments upon the condition of the batteries each time they are tested.

New Year's Greetings

To the people of Glendale and especially those to whom I have sold homes or for whom I have built homes during the past year, I extend the kindliest greetings of the New Year.

Home ownership brings a satisfaction that is sure to contribute in a large measure to the happiness of the entire family and that such joy may be yours in full measure is my earnest wish.

Good bye good old 1921,
You've had a mighty good run—
You and me have had lots of fun
With repartee and of pun.

'Little Minister' Is T. D. & L. Picture Offering New Year's

Dainty Betty Compson in the role of "Lady Babbie" in Sir James M. Barrie's unforgettable stage success, a production by Penrhyn Stanlaws, will be the attraction at the T. D. L. theatre beginning Sunday, Raiph Allan announces. The absorbing story, clever cast, rich settings and quaint costumes, make this a most unusual production.

Exceptionally beautiful, but combining therewith real ability and a magnetic personality, Betty Compson is rapidly becoming one of the most popular of the feminine stars on the screen. In the role of Lady Babbie in "The Little Minister" she presents a characterization of the gypsy-like heroine that is wholly charming.

"The Little Minister," beloved of stories, is entirely a worth-while production, states Mr. Allan, and he further adds, "bring the children." "The Little Minister" is one of the most recent of the big productions to be screened in Glendale.

A farmer was originally one who collected taxes.

Southern Glendale Christmas Tree Is Thoroughly Enjoyed

Children of Southern Glendale today are still thinking about the Christmas program Thursday night in the assembly hall of the branch library building, Brand boulevard and Los Feliz road. A large number turned out for the occasion and not all could find seats.

The program opened with the story of the birth of Christ told by H. Loren Mitchell, summer playground director. Elsie Whitney gave a reading, "The Obstructive Hat in the Pit" and encored with a "stuttering" recitation.

"Holy Night" and "Gather Around the Christmas Tree' were sung by a group of girls from Cerritos school including: Margery Gilhuly, Luella Ashton, Beulah Lewis, Florence McGoubrey, Ruth Harwood, Evelyn Sullivan, Evelyn Matten, Dorothy Howe, and Margery Priaulx.

Several recitations of child life were presented by Mrs. E. E. Harwood and the humorous monologues of Joe Griffin proved amusing.

At the close of the program apples, nuts and candies were distributed from the Christmas tree.

Mrs. E. V. Bacon presided. She was the chairman of the committee of arrangements and is the president of the Thursday Afternoon club.
